Jucifer

Washington, D.C.

Sludge/Doom

Jucifer's take on DC hardcore, mixed with '90s Scandinavian black metal. Intentionally underproduced, it sounds like it was recorded in a cardboard box, just a blur of mangled riffs, sore-throat yelps, and stuttering drums. Killer if you just want a blast of pure ugliness.

Anderwelt (AT)

"They deliver a deeply atmospheric blend of metal infused with punk and black metal."
