---

Summer is in full swing! And apart from sunshine and ice cream, what's equally important? Punk rock and cold beer of course! The first weekend of August, the Rock House Bar will be overtaken by a horde of international, shredding acts that we can guarantee will melt your face off! To help with your inevitable caloric deficit we've also called upon our friends at Vleischpflanzerl and their vegan food truck to join the feast!

Whether you're too lazy to make your way to Brakrock or Extreme Fest this year, just need a good pre-party before heading down to Punk Rock Holiday in Slovenia, or simply looking for any kind of excuse to get off the couch, this will be the place to be!
