Hellripper

Crowned “Scotland’s King of the arcane mosh” by Metal Hammer magazine, Hellripper aims to invoke the quintessential “black ‘n’ roll” sound, mixing influences from classic 80’s black metal records with a more modern edge. Heavily inspired by witchcraft and the supernatural, Hellripper is also deeply rooted in its Scottish origins, using the landscape, legends and historical events as a backdrop for its lyrics and imagery. Hellripper is fast, loud and uncompromising. All hail the goat!
