Dear friends of psychedelic dance music, we happily invite you to gather one last time to release you with full power and good mood into the upcoming outdoor and festival season. For this occasion, we invited DJ LATAM from Romania. Marius is an very active and essential part in the Romanian psytrance scene and has become a dear friend of our crew over the years. Organizing Waha festival and playing major stages like Ozora, Hadra and many other smaller gatherings. Marius manages to capture his audience with psychdelic vibes, flowing between differen styles such as night psy twilight or groovier stuff. LATAM will be supported by our dear friend Horn's Smith, who will kick of the night with a trance set, followed by crew member Nilya with some oldschooolish influences and Imbroglia closing the night with darker vibes.
