Hailing from London UK - we are thrilled to announce our last international guests before we are heading into a longer summer break! Loudly presenting super-sonic duo: kolectivdnb! Having a loooong list of released tunes on front-labels such as rebelmusichq, Dispatch, sofasoundbristol, ciarecords69 and more under their belt - these guys are sure to bring non-stop heat to the dancefloor! MASSIVE support is hailing from Graz with the likes of stryke & crumble representing the long resisting massiveplaygrounds imprint alongside the usual suspect out of the P LAB squad!
